

Student File Form Requirements Submission Deadline is August 1

As we look forward to the upcoming school year, there are a number of forms that you will need to submit for your child's student file per DCFS regulations. The forms that are required for all students are listed below.

All students are required to have an up-to-date health examination and immunization form every two years. Please have your doctor or nurse, complete, sign and date the health form in all appropriate sections (front and back). The parent section is also required to be completed.

Kindergarten students are required to have dental, vision and health examination forms completed by the beginning of the school year.

Spring and summer are a good time to make medical, dental and vision appointments as Fall is a very busy time of year at the pediatrician's office. Make your appointment in advance to assure that all necessary submission is received prior to the start of the school year.

Please complete and return these required forms to the school on or before August 1.

**Please note that your child may not begin the school year
without the appropriate forms on file.**

New Students

- Birth Certificate (copy is acceptable)
- Health Form
- DCFS Handbook Receipt Form

Returning Students

- Health Form, updated every two years

Kindergarten Students – 5 years on or before September 1

All forms listed above AND the following forms:

- Health Form
- Dental Form
- Vision Form
